## 12 volt Backpack Sprayer

*This convenient, versatile and comfortable 12 volt rechargeable knapsack sprayer eliminates the need for the operator to continually pump-up the sprayer to maintain a constant uniform spray pattern.*

*Featuring a microprocessor control, this allows the operator to dial-up a speed, that when used with standard cone nozzle or an optional boom or adjustable cone jet offers a huge range of spraying applications.*

*The unique battery pack can be charged in place, or easily removed without the use of specialised tools for remote charging.*

### **Features include;**
